under consideration clearly demon strated that persuasive work is unnec-ensary, it being only a question of se-curing the funds and agreeing upon what

ensary, it being only a question of se-curing the funds and agreeing upon what is reasonably required.

After the regular meeting last night a subcommittee appointed for the purpose of preparing and making definite request of the Financa Committee as to an ade-quate appropriation, met and practically agreed upon asking \$25,000 for the pur-chase of additional street sweeping ma-chines and street sprinklers and the nec-essary mules, harness, men and all other details of cost. It is possible that a recommendation will be made separately for the lease of several street flushing machines at a cost of about 39 per day gach machina flushing about a mile and a third of street. This committee con-pleted of Messrs. Pergusson, Umlauf and Bennett. The action of the subcommittee was indorsed as the recommendation of the full committee. This committee will go before the Finance Committee at the way the meeting and urge the importance was indorsed as the recommendation will be full committee. This committee will go before the Finance Committee at the next meeting and urge the importance of prompt action.

Various other propositions looking to special street cleaning service during the exposition were offered and discussed.

No Action Taken

No Action Taken.

A representative of an incinerator manufacturing plant was present and siddressed the committee in advocacy and exposition of his machine, of which he exhibited a model and, explained the operation. This gentleman stated that such a plant was being put in at Norfolk at a cost of \$30,000. This price was not the real one, but merely a special one made for advertising purposes. He stated that it would cost flichmond \$45,000 for such a plant. This statement did not "set well" with the committee, after his statement of the cost of a plant of the same capacity in Norfolk. Nor is this the entire cost of the plant, the building not being included. Altogether the estimate cost is nearly \$70,000. The speaker enlarged upon the importance of abolishing dumps, but failed to explain what was to become of ashes. The garbage is already consumed at the crematory and the waste paper is sold.

sold.
After the hearing, the committe
took no action for the present, th
members preferring to see such a plan
in operation and what it will actually

in operation and what it will actually do, what the cost of repairs and maintenance will be and various other details. The plant described will have a capacity of fifty tons per day.

No action was taken by the committee with reference to street flushing. An ordinance asking for an appropriation of \$1,000 for leasing such machines is aircady pending before the Finance Committee.

Dishumond Day.

Richmond Day.

The Committee on Ordinance, Charter and Reform held a brief but busy session last night, at which Assistant City Engineer Henry P. Beck reported the division of the newly annexed territory into wards and precincts, and defined the precinct boundaries, as agreed upon by the subsecurity of the August 200 Miles and State of the August 200 Miles provides committee a few days ago. This provides for two additional precincts, one to be located in the Fairmount Town Hall, and the other at No. 1826 West Cary Street, near old Shumaker's precinct. The re-port was received and recommended to the Council.

for such an appropriation and the report same to a later meeting of the

HEAVEN IS PLACE AND

"Better Land" Also Has Definite Location, Rev. Mr. Hulten Declares.

"It is a mistuke," he said, "for any one to say that we know nothing about Heaven. That man who reads his libbe in ever so dilatory a way will find therein numberless references to the specific character of that better land, which we hope some day to reach.

"First, the Bible clearly teaches that Ocayen is a place, not a spiritual condition nor some sort of a mysterious state of mind, but a definite place with a definite location. We can even locate Heaven above us by a number of distinct references."

Continuing Mr. Hulten pointed out the character of Heaven as a place of blessedness and peace, where happiness may be obtained "through the presence of God and our loved ones."

"Lastly," he said, "Heaven is a place of record, record of the pure life of the saint and record of the sinners doom. God keeps a book of death as well as a book of life, and the names of all the world are ultimatedly encoded in one of these.

Jennels the saint of the pure of power and same stream is a preacher of power and same stream is a preacher of making nice distinction in a language and his manifest whole-heart less. He will preach again this evening at 8 o'clock.

SECOND CHURCH.

Large Attendance Last Night Upon Interesting Services.

Another large congregation attended the revival services at the Second Baptist Church last night, and Dr. Smith preached aspecially to the unconverted a very strong sermon from the text. "How long halt ye between two opinions?" Two persons made profession of faith and joined the church. The services will begin to-night promptly At Termorrey begins to be served. To-morrow night the members of the Young Men's Misionary Society will hold a meeting, which will be evangelical in char-acter. This service will begin at \$15 o'clock These revival meetings will probably come to a close Sunday night

TALK OF NEW CITY HALL

Real Estate Firm-Personals and Briefs.

Manchester Bureau, Times-Dispatch, No. 1102 Hull Street.
The Industrial Committee of the Council is awake to what it regards as a possibility of having the National Cash Register Company locate here. The report to the effect that this regards and the company of the report of the effect that this gigantic enterprise had issued orders properly the advantages the city of Manchester has to offer.

It is reported that the company will move as soon as a desirable location an be secured. The concern is one ploys a veritable army of men and

The annual pay-roll annuals to over \$5,500,000. The company is capitalized at \$10,000,000, and has stock valued

at from \$25,000,000 to \$30,000,000.

The plant takes up an immens amount of ground, and it would cal As it now stands, there are en buildings, thirteen of these

lourteen buildings, thirteen of these being factories and the fourteenth a magnificent skyscraper, which is used as an office building.

The Industrial Committee will take the matter up to-day. Last night it was learned that the company will not go to a city with fewer than 200,000 people, and this may upset the plans of the committee.

For City Hall.

The Building and Lands Committee held a most interesting meeting last night, and one matter which is of great importance to the city was discussed at length. This pertains to the proposed improvements on the city offices. It was finally decided that a committee be reposted.

ments on the city offices. It was finally decided that a committee be appointed to bring the matter before the Council and ask the advice of that body.

It is estimated that to put these offices in proper condition would cost more than \$1,500. The question then arose whether or not the building itself would justify the expenditure of this amount. The matter will be put up to the Council, and it is possible that some action will be taken relative to the erection of a City Hall building.

From time to time various sums of money have been expended in improving the old structure, which is antiquated and shows up but little better after the improvement have been made.

The city officers are poorly cared for in the way of office are respectively.

improvement have been made.

The city officers are poorly cared for in the way of office space, and it has been apparent for many years that new offices are necessary. It has now come to a point where the city's business cannot be properly transacted with the facilities provided.

The City Treasurer, Collector and Clerk all occupy one room, and it is so crowded that one can hardly move about.

Add Story to Market.

Add Story to Market.

Add Story to Market.

It has been suggested on several opcasions that another story be added to
the Old Market, which is now occupied
by the Police and Water Departments,
and to have all the city offices there,
it has also been proposed that the Fire
Department be located higher up-town,
and that the building be pulled down entirely. Within the near future the Council will probably take some action in the ely. Within the near luture the continue will probably take some action in the will be done to natter, and something will be done elieve the conditions.

To Have House-Warming.

Manchester Lodge, No. 813, E. P. O. Elks, will meet on Monday night, at which time the home will become the property of the lodge. Though the place property of the lodge. Though the place has been occupied for several years, it was only recently that the purchase was made. The property will be formally taken over on Monday night. The officers for the ensuing year elected at the Heeting on Monday night last will be installed by Past Exatted Ruler B. P. Owen, in the absence of the district deputy.

Following the instillation the members will enjoy a house-warming.

Over Fifty Present at Enthusiastic Meeting Yesterday Afternoon at Y. M. C. A.

SEVERAL ADDRESSES MADE

Emphasize Necessity for Having Clean, Manly Sport-All Sign Agreement.

A very enthusiastic meeting of the Grammar School Baseball League was held yesterday afternoon in the assembly-room of the Central Young Men's Christian Association, where over fifty boys, representing the different public schools of the city, were present. Seven schools so far have signed up as members of the league, and others are expected to join. The schedule of games was not decided upon at this meeting, but it was agreed that the season should close in the end of May, and that games should be played on every afternoon of the week except Saturday. All games will be played on the same grounds.

Urge Clean Sports. The meeting was addressed by several speakers, all of whom insisted on clean, sportsmanlike ball-playing among the

The meeting was addressed by several speakers, all of whom insisted on clean, sportsmanlike ball-playing among the members of the league.

Mr. D. H. Rucker, principal of West End School, who was the first speaker, referred to the good that would be accomplished through the league. He surged the boys to abide by the decision of the umpires, and to believe that the umpiry would perform his work faithfully and fairly. He took occasion to compliment Mr. Reithard on his efforts in behalf of the league, and spoke of him as the father of the organization.

Mr. J. A. Muir, of The Times-Dispatch, in a short address, mentioned the fact that they were pretty sure of securing Byrd Park for the games, for which he has been working so carnestly. He exhibited a sample of the shield which is to be presented to the wood, with a brass plate.

Mr. J. D. /Sharman, of St. Andrew's School, was urgent in his plea for dean sport, and asked the boys always to play in absolute fairness and with honest intention, instead of seeking to win games by underhand methods.

Mr. Seitherd urged that the players be always elean of speech and that they control their tempers. He also spoke of the importance in avolding the smoking or dispartence in avolding the smoking or dispartence, and showed how true manhood could be developed in following out these rules.

All the players present signed an agreement to pliry fair ball and to abide by the decisions of the umpire. Other teams are requested to send in their list of players, and agreement to Mr. Reithard at the Central Young Mon's Christian Association.

The leagued has not been very fortunate in sectring umpires, and those who are interested in boys' sports are requested to act in this position once or twice a week.

Agreement and Teams.

Agreement and Teams.

The following is the agreement, and the ist of those who have signed it:

We wish to join the GrammarSchool Busebull Lengue, and, in so doing, agree as follows:

I. To adde by the decisions of the unpres.

2. Not to drop out of the league till the season closes.

3. To conduct ourselves courteously on the field.

CHICK" STAHL RIFLE MATCH COMMITS SUICIDE

Captain of the Boston Americans Drank Carbolic Acid and Died in Agony.

WEST BADEN, IND., March 28.— Charles S. Stahl, known in baseball cir-cles as "Chick" Stahl, committed aut-cide to-day in his rooms at the West Baden Springs Hotel by swallowing car-bolic acid. No cause is known. Stahl was captain of the Boston American League baseball team and formerly lived at Fort Wayne, Ind. Manager Taylor has abandoued the spring practice games of the team.

has abandoned the spring practice games of the team.

Stahl are his breakfast as usual today and visited members of the team in their rooms. Later he left for his own room, which he shared with Collins, and it was supposed he was dressing for practice. Collins entered the room a few minutes afterward and Stahl told him he had just taken carbolic acid. In a few minutes he was in terrible agony. To members of the team, whom Collins had summoned, Stahl said:

Members of the team say they do not know what he meant, but they knew that he was worried about something. A bottle of carbolic acid had been taken away from him a few days ago at Louisville, Ky. Stahl's wife, at Boston, and his relatives at Fort Wayne, Ind. were notified. He will be buried at Fort Wayne. The cononer's inquest began late to-day.

Stahl, near the close of last season, succeeded James Collins as manager and captain of the team, and had the combined position permanently for the season. bined position permanently for the senson. He resigned as manager Tuesda last, saying the duties of centre fiel

FAST RAGES ON

Contest-Place to Be Closed To-Day.

Brent Beat Harley in Pretty

To-Day.

Two pretty races rewarded the large crowd who visited the Skating Isink last night. The first was a relay race of two miles, between teams under Taylor and Frazer. Taylor's team won the contest. Time, 6:40.

The second race was between Brent and Harley for eight laps. Harley took the lead at the start, but Brent passed him on the second lap. They alternately took the lead on every turn, keeping the crowd thoroughly stirred up. Both were fairly flying, and side by side as the pistol cracked for the last lap. Bent shot ahead and was leading by about two feet, crossing the finish line a winner, after one of the fastest, most closely contested races ever seen here. Time, 1:34.

The new pictures are exceedingly good and proved very amusing. The acrobatic act added to the evening's program.

The rink will be closed to-day—Good Friday.

Fourten Men Report. [Special to The Times-Dispatch.] LYNCHBURG, VA., March 28.—Fourten of the players on the local ball team have reported, and light practice was induged in this afternoon. All of the men are promising players, and it is believed Manager Grim has collected a much stronger team than last year's champions.

Delmore, at Thirty to One, Captured the Mile and Sixteenth Event.

"Boys, I couldn't help it it it drove me match, the Spencer match, the New Jer-sey trophy match, the members' match, the consolation match, the offhand match,

the consolution match, the offiand match, the Hale match, the press match and the usual revolver matches.

In addition there will be a new match called the governors' metch, so me to everybody. There will also be a new match for a prize to be given by United States Senator Frank O. Briggs, of New Jersey, for regimental teams consisting wholly of rapid fire and skirmish; a match for a prize to be given by Colonel Anthony R. Kuser, and a slow-fire match for regimental teams for a trophy to be given by ex-Governor John W. Griggs. The association's match for inspectors of rifle practice will be revived.

BASKETBALL.

Celts Trimmed Greeks in Y. M.

Celts Trimmed Greeks in Y. M.

; C, A. Game.

The Celts trimmed the Greeks in the absketbail league game last night at the Y. M. C. A. gymnasium. The game was rather rough at times. Close guarding by the Celts prevented their opponents from rolling up a high score.

On Saturday night the Spartans and Britons will meet.

As there is but one game separating these two teams and both are at the top it will be an interesting contest.

Last nights score and the line-ups follow;
Celts—J. B. Morris (captain), forward; D. Cohen, forward; R. C. Williams, centre; G. B. Bradley, guard; J. Frahr, guard.

Greeks—E. A. Wells, forward; P. H. Davis (captain), forward; P. H. Davis (captain), forward; F. H. Twinling, centre; C. G. Burch, guard; C. A. Rady, guard.

Celts, 13; Greeks, 7, Field-baskets—Morris, 2, Fahr, Williams, Cohen, Davis, Twining, Burch, Free throws—Morris, 2, Points awarded—Celts, 1; Greeks, 1.

Still Making Big Scores. J. M. Thorpe, of Baltimore, who was one of the star bowlers of last season, will pitch for Petersburg this year. Thorpe was a fine bowler, and it seems as if Petersburg expects him to be as good in the box. Last night he rolled up a score of 134 in duckpins on the Williams alleys.

How Money Grows

It is often remarked that money dis-

All that is needed is the seed-the first deposit. By adding the 3 per cent, compound interest which this bank pays your account will readily grow. Of course your curiosity to have it grow rapidly will lead you to save and make further deposits. To-day is the day to start.
